EXPERIENCE

Accubits Technologies Inc, Trivandrum — DevOps Engineer

July 2020 - Feb 2022

Works on Software Development Lifecycle and has an outright understanding of various automation tools for developing digital pipelines (CI/ CD pipelines). Tools Used: AWS, GCP, Azure, Alibaba Cloud, On-premises servers, Docker, Kubernetes, Terraform, Git, Jenkins, Firewalls, Grafana, Prometheus, Ansible.

KLA Live Webcasting Project, Trivandrum — Back End Developer

Dec 2019 – Jun 2020

Working with live video telecasting servers of Kerala legislative assembly. Maintenance, Monitoring, and data backup of several redundant servers containing terabytes of video files with the associated database. The job demands a lot of responsibility, as the slightest mistakes could make up news headlines for the next day.
